

#### Popular JavaScript Library for Node.JS Infected With Malware to Empty Bitcoin Wallets

https://securityintelligence.com/news/popular-javascript-library-for-node-js-infected-with-malware-to-empty-bitcoin-wallets/

#### You trust all libraries? so you know that all libraries are malware / vulnerabilidades free?

# Libraries

## All Libraries Allowed!

- Are your developers using safe libraries?
- Are you check the libraries they use?
- Even more... they ask you for advice when choice a new library?

### Popular JavaScript Library for Node.JS Infected With Malware to Empty Bitcoin Wallets

December 11, 2018 @ 9:25 AM | By David Bisson | 2 min read

You trust all libraries? so you know that all libraries are malware / vulnerabilidades free?
